	ELECTRONIC FUNDS MANAGEMENT POLICY
College council will review this policy annually	**Date approved:** March 2024
	Date of next review: March 2025

PURPOSE

The purpose of this policy is to set out how our school will manage electronic funds in accordance with applicable Department of Education and Training policy and law.

SCOPE

This policy applies to:

– all staff/responsible persons involved in management of funds transacted electronically

– all transactions carried out by Doncaster Secondary College via the methods set out in this policy

POLICY

Doncaster Secondary College has developed this policy consistently with the Schools Electronic Funds Management Guidelines and Section 4 Internal Controls of the Finance Manual for Victorian Government schools.

Implementation

- Doncaster Secondary College Council requires that all actions related to internet banking are consistent with The Department's Schools Electronic Funds Management Guidelines.

- Doncaster Secondary College Council approves the use of CBA as the approved software for all internet banking activities as individual authority and security tokens are required.

- All payments through internet banking software must be consistent with Department requirements and must be authorised by the Principal and one other member of school council nominated by the school council.

- Doncaster Secondary College Council will determine how refunds will be processed and any refunds processed through the EFTPOS terminal will be recorded in a refund register.

- Doncaster Secondary College will undertake maintenance and upgrading of hardware and software as required.

- Doncaster Secondary College will ensure proper retention/disposal of all transaction records relating to accounts such as purchase orders, tax invoices/statements, vouchers, payroll listings and relevant CASES21 reports.

EFTPOS

The Principal of Doncaster Secondary College will ensure all staff operating the merchant facility are aware of security requirements. At our school, this includes

- The Business Manager delegates the authorising officer for approval of phone and refund transactions.

- There is one terminal installed which is located at the Accounts Receivable desk.

- Documentation is kept by the school confirming all transactions such as merchant copies of EFTPOS receipts, voided receipts, refunds, daily EFTPOS reconciliation reports, authorisation details, relevant CASES21 reports.

- The appropriate segregation of duties is applied to ensure and maintain the security, accuracy and legitimacy of transactions.

- Reconciliation of EFTPOS statement received from the school's financial institution with CASES21 transaction records is done monthly.

- Reconciliation of EFTPOS settlement statements with CASES21 transaction is done daily.

- Transactions on credit cards can be accepted via telephone, online, post or at the point of sale.

- Transactions on debit cards require the cardholder to be present at the point of sale.

- Identification of the cardholder will be established for phone transactions by:
    - Cardholders name;
    - Card number, expiry date;
    - Transaction date;
    - Query number on back;
    - Student name and ID number;
    - Name of staff member processing the transaction;
    - Invoice details.

- School Council minutes must record which staff are authorised to process transactions.

- No "Cash Out" will be permitted on any school EFTPOS facility.

Direct Debit

- All direct deposit agreements must be approved and signed by school council prior to implementation

- The School Council requires all suppliers to provide tax invoices/statements to the school prior to direct debiting any funds from the school's account

- A direct debit facility allows an external source [e.g. Zero Communications] to a pre-arranged amount of funds from the school's official account on a pre-arranged date. Any such payments will be authorised as appropriate and required.

- Doncaster Secondary College will ensure adequate funds are available in the Official Account for the "sweep" of funds to the supplier.

Direct Deposit

- Doncaster Secondary College utilises a "two user authorisation" banking package, as it contains a greater degree pf security and access controls.

- Creditor details will be kept up to date and the treatment of GST for creditors will be monitored.

- Payment transactions will be uploaded as a batch through the CASES21 system.

- All payments made through the internet banking system must be authorised by two authorised officers.

- The various internal controls that need to be considered include:

    - the identification of staff with administrative responsibilities [e.g. Accounts Payable Officer to access statements and upload batches]

    - the identification of staff with authorisation/signatory responsibilities [e.g. The Principal and School Council delegate for the authorisation of payments]

    - the Business Manager must not have banking authorisation/signatory responsibilities other than for the transferring of funds between school bank accounts

    - the setting up of payee details in CASES21

    - the allocation and security of personal identification number (PIN) information or software authorisation tokens

    - the authorisation of transfer of funds from the official account to payee accounts

    - alternative procedures for processing, using the direct deposit facility, for periods of Business Manager's and Principal leave of absence.

BPay

Doncaster Secondary College Council will approve in writing the school council's decision for the utilisation of BPAY.

Payments made by BPay are subject to the same requirements as for all transactions relating to accounts such as:

    - purchase orders
    - tax invoices/statements
    - payment vouchers
    - signed screen prints and payee details
    - relevant CASES21 reports etc.

This includes a requirement for the principal to sign and date BPay transaction receipts attached to authorised payment vouchers.
